Head & Neck Restraint Notice

The use of a head and neck restraint device/systems, certified to SFI Spec 38.1 is required, per the Lucas Oil Late Model Dirt Series Rule Book. This rule went into effect on September 1st, 2010. Any driver that has not entered in an LOLMDS competition or has not reached their three-race grace period after this rule went into effect will still receive the three-race grace period or the remainder thereof, but must comply once they have exceeded the grace period.
